

# Dopomat

## Intensive cleaner and cleaner for scrubber driers

### Features

Dopomat is a fast-acting and efficient cleaner for scrubber driers. It has very good reticulation properties, does not foam and dries streak-free. The product removes every kind of oil and grease. At a higher dilution rate, it also removes soiled coatings of maintenance cleaner and of wax emulsion polish.

### Ingredients (according to 648/2004/EC)

Nonionic surfactants 5-15%, water-soluble solvents, complexing agents, fragrances (limonene).

pH value (concentrate): approx. 10      pH value (ready-to-use solution): approx. 8.5

### Application

Suitable for final construction, intensive and routine cleaning of water-resistant hard floor coverings, such as epoxy resin, clay floor tiles, stoneware, granite, quartz stone as well as for final construction and intensive cleaning of water-resistant hard and resilient floor coverings, such as magnesite screed floors, terrazzo tiles, marble, linoleum, rubber, PVC, and polyolefin.

Not suitable for polymer-coated floors.

### Directions

#### Routine cleaning

**(wiping / mechanical wet cleaning):**  
Dilute 50-80 ml in 8 litres of cold water, depending on the degree of dirt.

#### Intensive cleaning:

Dilute 100-300 ml in 8 litres of cold water.  
Distribute the cleaning solution, scrub, vacuum, rinse with clear water.

#### Final construction cleaning:

Dilute 1-2 litres in 8 litres of cold water.  
Distribute the cleaning solution, scrub, vacuum, rinse with clear water.

**Cleaner for  
Automatic  
Scrubbers /  
Industrial  
cleaning**

### Coverage per square metre

Wiping / mechanical wet cleaning: 1-2 ml

Intensive cleaning: 2-4 ml

Final construction cleaning: 60 ml
